

# POLYPROPYLENE CLAMSHELLS

EVO PAK's line of Polypropylene (PP) Clamshells is a recyclable and economical packaging solution for protecting food quality, maintaining temperature and maximizing visual impact to customers. PP Clamshells offer excellent rigidity, dimensional stability, and light weight in a range of sizes and configurations. Mineral-Filled Polypropylene (MFPP) products replace a portion of the plastic content with earth minerals, delivering all of the performance while using up to 40% less plastic!

Item#	Description	Material	Colors	Case Pk	Wt (lb)	L (in)	W (in)	H (in)	Cube	Ti/Hi
